“ Brandie always said bre your my sister. And that's the truth sometimes our family is chosen. Im so glad that brandie was put into my life and I miss her with every moment that goes by. It's still not real. I rember driving down the road with ou music up windows down listening to cruise. Her dancing and smiling holding her arm out the window swaying with the music as she sung. She loved her nieces and nephews and they loved her. She would do anything for anyone. I know she is no longer in pain or suffering and she is loving seeing her family in heaven smiling down on us. **BUT I WISH SHE WAS STILL HERE.** I love you sis and you will be with me forever.
