“ I will never forget Ms. Davidson and im.sure she never forget me as many times as she had to call me down in class when I had her for P.E. 🙄 she would say come on James lift those legs come on participate or you can walk laps so I quickly began lifting my legs. I learned quickly that what Ms. Davidson said she meant it. I also quickly learned that all she really wanted was for her students to improve and reach for the stars. Ms. Davidson if I could talk to you now I would just say thank you for caring about your students and for pushing us to go that extra mile.
