“ My beautiful sister how I cherished our times together on the phone or side by side. I always made you laugh & to see your smile there are not enough words to say how much I will miss you. Our morning talks, swapping recipes, talking about our kids & lives. My heart is breaking into but I know I will be with you, Mar, mom & dad & all the loved ones that's gone ahead to get our other home with God ready for the rest of us.

“ So sorry for all of you. I can completely understand the playing in the creek, running through the hills and picking our own switches as well. We all used to live up on Chinn's Branch when we were all just kids. Played in the fields and had great times. Used to push Paul up and down that old dirt road, trying to get his motor bike started. I'd be blessed to walk that old road these days. Thanks for the memories, Kathy. They are cherished and fond to my heart. Rest in peace.

“ So sad. She was the sweetest and prettiest cousin a fella could ask for. Alot of memories involving the creek, ducks, and running through the hills like wild Indians. And switches. The "Go pick your own" switches. Wish my memory was better.
