“ I have way too many memories of Keith to pick just one. We were first cousins and the same age, our childhoods were spent together as a big family, full of fun and laughter, we were all big on sarcasm and jokes and the majority of my memories of Keith including laughter. Keith was so funny, charming, and a very caring heart for those he loved. I will miss you Keith, and I laugh and cry thinking of that big reunion in Heaven when you came waltzing in, to spend eternity with all of our family that had their address changed to there ahead of us. There was so many family and friends at your grave service, I just know it would have made you cry and smile. Hug everyone for me. I love you, Keith!
